Holiday Plant Care

Poinsettias are sold according to the number of flowers: the more blooms, the more expensive the plant. Poinsettias need good drainage and water only when the soil is dry. They prefer at least six hours of sunlight daily in a location free from drafts. It may re-bloom another year if the shoots are cut back by one-third when the red leaves wilt.

The showy amaryllis flowers emerge from large bulbs that are not winter-hardy in northern climates. After amaryllis has faded, the stalk should be cut to 2 inches above the bulb and placed in a well-lighted area. Fertilize and water lightly.

Unlike most succulents, the Christmas cactus prefers cooler temperatures rather than warm and can be encouraged to re-bloom each year. A Christmas cactus will bloom again if kept at 50 degrees Fahrenheit for a few weeks in the fall. Reduce water beginning in mid-September, and watch

Sharing Shelf

Moms—bring the kids over and let them pick out a book or two. The selection is great.

Stop in and check out all of the books that have been donated to the MWP Sharing Shelf in the Clubhouse. The rules are simple. Stop in. Check out the books and magazines that have been donated. If you find one that interests you please feel free to take it home, read it, keep it or return it for someone else to read.

The Shelf is located under the stairs in the Clubhouse. The Shelf is accessible Wednesday, 5:00—7:00 pm and Thursday morning 10:00 am—12:00 noon.

We have over 350 books. Please feel free to Take One or Leave One during your holiday rental times.

We now have two volunteers but still need a couple more. The Clubhouse will be open on Tuesday mornings from 10:00—12:00 noon.

Call Cindy Maude to volunteer to be the librarian for a day! 784-3326 or cmaude@sbcglobal.net
