## In the Woods

- ◆ The 2014 MWP Neighborhood Golf Outing was held at Winding River Golf Course on Saturday, September 20th. The weather was perfect and we had 11 teams, the largest turnout in the history of the outing. The winning team, with a score of 10 under, was Dan O'Brien, Blair Smith, Mike Moore and Aaron Davis. They were followed closely behind by the Wright Family team who came in at 9 under. Our last place team at 6 over included Paul Melton, Jarred Gillespie, Jack Zoderer and Robby Zoderer. A total of eight skills prizes were given out for long drives, closest to the pins, and longest putt. A \$220 skins pot was shared by three teams.
- ◆ The day was capped off with a dinner and awards banquet at the home of Darrell and Thecla Gossett. Approximately 55 guests enjoyed a catered steak dinner and a great evening of camaraderie. The golf prizes were handed out followed by door prizes. Thanks to our sponsors (see listing), prizes valued at a total of almost \$2,000 were distributed and everyone in attendance won a prize. Special thanks goes to this year's Golf Committee, Darrell Gossett, Carl Zoderer, Rhonda Moore and Hank Nykaza.
- ◆ If you missed this year's outing and dinner, please consider joining us next year. The event will be held on Saturday, September 26, 2015 and will once again be at Winding River. Save the date for next year!
- ◆ Please patronize and support these fine establishments and organizations who donated to our event.

### Pumpkin Seeds

If you're in the mood for a chewy snack that doubles as a phenomenal health food, look no further than pumpkin seeds.

With a wide variety of nutrients ranging from magnesium and manganese to copper, protein and zinc, pumpkin seeds are nutritional powerhouses wrapped up in a very small package. They also contain plant compounds known as phytosterols and free-radical scavenging antioxidants,<sup>1</sup> which can give your health an added boost.

Best of all, because pumpkin seeds are highly portable and require no refrigeration, they make an excellent snack to keep with you whenever you're on the go, or they can be used as a quick anytime snack at home, too. (Dr. Mercola)

### Good Neighbors

With the rains coming down hard, I thought I would relate our recent experience with Citizens Energy Group. We have the large storm sewers in both our front and back yard. ( The ones with the large domed cast iron covers.)

The sewer in the back yard developed a huge sink hole, about 3'X3'. To get it fixed, I called 317.924.3311 and chose " Sewer emergency" from among their many options. When I was connected with a human, I told them about the sink hole. At first they tried to tell me it was my problem. Then they told me to call some other company who does their repairs. I told them, no I was pretty sure it was THEIR sewer, not mine.

A LONG story short, they finally came out ( after 4-5 calls from me to them) and fixed the sink hole. **Here is the important part: I talked the the project manager while they were working, and he said that with the age of our neighborhood, this will be happening a lot because the pipes for the sewer are deteriorating, causing the water to make a vortex and wash away the soil. There is NO WAY to fix it yourself. The pipes must be replaced. I looked at another sewer in the yard behind ours, and sure enough it is washing out as well.**

So be alert and report this right away. And call often. It will not get done right away. In fact, I had to tell the last service rep I talked to that the next call would be from my lawyer when a child fell into THEIR hole and broke their neck. Finally they came out.

Good luck! Cathy Weinmann
